

The BP125 series prints on the right margin of standard time cards or paper forms. Batteries can be easily changed and a warning light indicates any improper installation. An audible "beep" indicates when batteries are weak. Select the right battery operated heavy-duty time recorder from the chart below:

BP125-6	BP125-R6	BP125-12
<p>Completely portable</p> <p>Ideal where AC power is not available.</p> <p>Easily moved from location to location.</p> <p>Normal battery life is approximately 6 months.</p> <p>Uses four standard alkaline "D" cells.</p> <p>Batteries not included.</p>	<p>Best suited where power interruptions are frequent.</p> <p>Eliminates the need of having to reset the clock several times each day.</p> <p>Can operate for several days on batteries.</p> <p>Normal battery life approximately five to six years.</p> <p>Uses four standard rechargeable "D" cells.</p> <p>Batteries are included.</p> <p>Standard voltage: 125VAC/60Hz.</p> <p>Optional: 220/50Hz.</p>	<p>Designed for use in motor vehicles with a 12 VDC battery.</p> <p>This is a completely mobile time recorder.</p> <p>A 12VDC lead acid battery is recommended for extremely cold climates</p> <p>(Battery and wiring harness are not included).</p>

HEAVY DUTY TIME RECORDERS

Manual Print • Battery Powered • Automatic Print

*BP125 Time Recorders operate within a temperature range of 40° to 110° Fahrenheit. Colder climates greatly reduce battery life.

Lost minutes could be costing you thousands of dollars per year.

Take control of your labor costs today with an Acroprint time recorder. Your investment will pay for itself quickly because tracking employee time and attendance saves your business time and money. Employees that take a few extra minutes of company time for his or her own personal use affects your bottom line. Those minutes add up over time and before you know it a couple of dollars compound into hundreds of dollars. Just review the chart below to see how valuable time tracking is to your business. Based on 250 working days per year, the chart shows the cost of time lost at the conservative rate of 20 minutes a day.

HOURLY RATE	COST PER MINUTE	NUMBER OF EMPLOYEES					
		2	5	10	25	50	100
\$6.00	\$0.1000	\$1,000	\$2,500	\$5,000	\$12,500	\$25,000	\$50,000
\$8.00	\$0.1333	\$1,333	\$3,333	\$6,667	\$16,667	\$33,333	\$66,667
\$12.00	\$0.2000	\$2,000	\$5,000	\$10,000	\$25,000	\$50,000	\$100,000

Benefits of Tracking Time:

- Eliminates the uncertainties of handwritten records. Provides legible records of hours worked.
- Conforms to State and Federal Wage and Hour Laws by providing permanent, accurate and indisputable records of employee's arrival and departing times.
- Reduce tardiness, long breaks and early departures.
- Increase production and provide the correct cost of a finished product/operation.
- Eliminates disputes regarding pay.

Heavy Duty Time Recorders have unlimited applications for tracking time for employee's hours and job costing.
